

Meeting the demands for higher productivity and quality

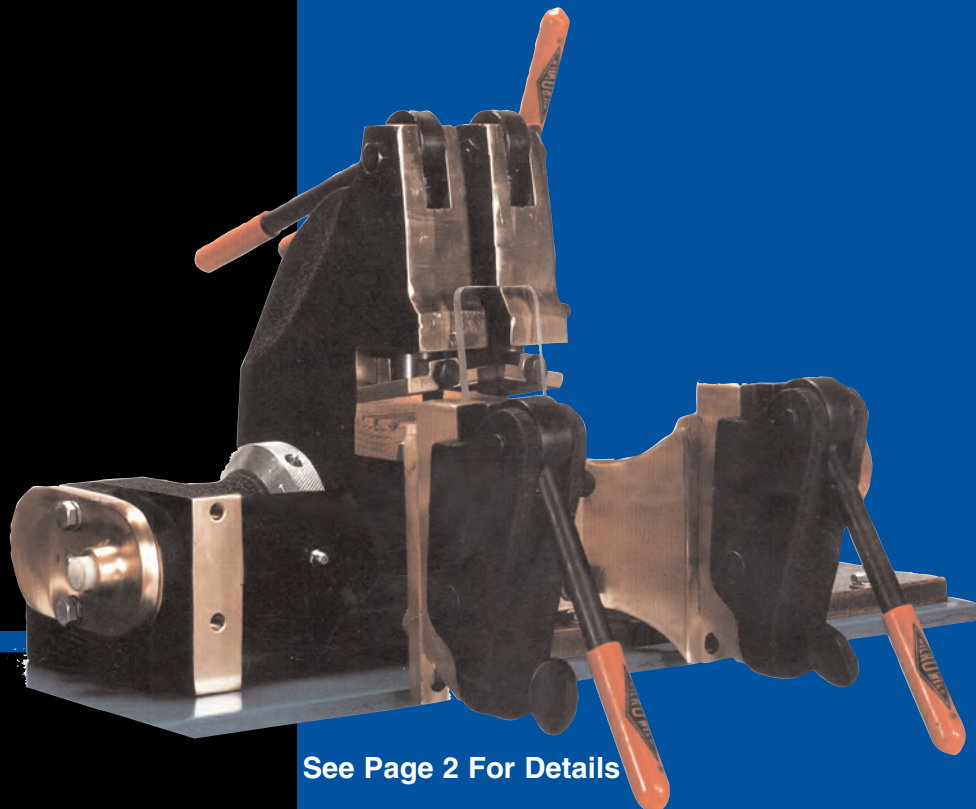

Model THD
Steel Rod Butt Welder

“In Line” Butt Welders from Micro Products

It doesn't matter what you manufacture. Your customers always insist on quality. And quality depends on the performance of machines you use. Our Micro-Weld butt welders have been designed to work harder, last longer and offer continuous operation for excellent quality welds. Avoid inconsistencies. Avoid downtime. And always get the superior quality your customers demand in the end product.

Quality and productivity backed with over 80 years of experience, service and support. These are some of the reasons why Micro-Weld has become one of the most advanced butt welders in the world.

MODEL THD

ELECTRIC RESISTANCE WELDERS

Specifications

Stock Size Range		.125 to 500"
Diameter Steel		3.18mm to 12.7mm
Standard Operating Voltages		240, 480 or 600 volts
Input Power Cycle		60 hertz
Line Demand	240 volts	80 amps
	480 volts	40 amps
	600 volts	32 amps
Heat Selection Switch		6 point
Single Phase Transformer		19.2 KVA
Air Requirements		N/A
Upset Pressure Method		Adjustable Spring
Clamp Method		Hand Lever
Mounting, Truck Type		4-Caster Wheels

Dimensions And Weight

Height Overall	46"
Welding Die Height	41"
Floor or Bench Space	29" x 39"
Weight	560 lbs

Features

- Sensitive straight slide movable welding platens
- Low voltage safety switch circuits
- Heavy-duty construction

Optional Features

- Special voltages
- 50 hertz
- Annealing device
- Machinist vice and bracket
- Hand shear and bracket
