

Meeting the demands for higher productivity and quality

"In Line" Butt Welders from Micro Products

It doesn't matter what you manufacture. Your customers always insist on quality. And quality depends on the performance of machines you use. Our Micro-Weld butt welders have been designed to work harder, last longer and offer continuous operation for excellent quality welds. Avoid inconsistencies. Avoid downtime. And always get the superior quality your customers demand in the end product.

Quality and productivity backed with over 80 years of experience, service and support. These are some of the reasons why Micro-Weld has become one of the most advanced butt welders in the world.

MODEL H & HX

ELECTRIC RESISTANCE WELDERS

Specifications

	Model H	Model HX
Stock Size Range	.250" to .625"	.125" to .750"
Diameter Steel	6.35mm to 15.88mm	3.18mm to 19.05mm
Standard Operating Voltages	240, 480 or 600 volts	240, 480 or 600 volts
Input Power Cycle	60 hertz	60 hertz
Line Demand	240 volts 480 volts 600 volts	100 amps 50 amps 40 amps
Heat Selection Switch	6 point	12 point
Single Phase Transformer	24 KVA	44 KVA
Air Requirements	80-90 p.s.i. 1/2 cu ft per weld	80-90 p.s.i. 1/2 cu ft per weld
Upset Pressure Method	Pneumatic	Pneumatic
Clamp Method	Pneumatic	Pneumatic
Mounting, Truck Type	4-Caster Wheels	4-Caster Wheels

Dimensions And Weight

	Model H	Model HX
Height Overall	46"	46"
Welding Die Height	41"	41"
Floor or Bench Space	29" x 39"	29" x 39"
Weight	560 lbs	640 lbs

Features

- Sensitive straight slide moveable welding platens
- Low voltage safety switch circuits
- Heavy-duty construction
- Heavy-duty pneumatic clamping and upset mechanism

Optional Features

- Special voltages
- 50 hertz
- Annealing device
- Machinist vice and bracket
- Hand shear and bracket
